World Book Day: Goldilocks & The Three Bears

From *Winnie the Pooh* to *Paddington Bear* to *The Jungle Book*, bears are the stars of some of the most brilliant books! We think the **Sun Bear** in our **Nature Gallery** could be a character in *Goldilocks and the Three Bears* for a few reasons...

Sun Bears are so small that they are sometimes known as the '**Dog Bear**', making ours a perfect Baby Bear!

Sun Bears are from **South East Asia** and are **very hard to find**, so you can just imagine one being hidden away in a forest for Goldilocks to stumble across!

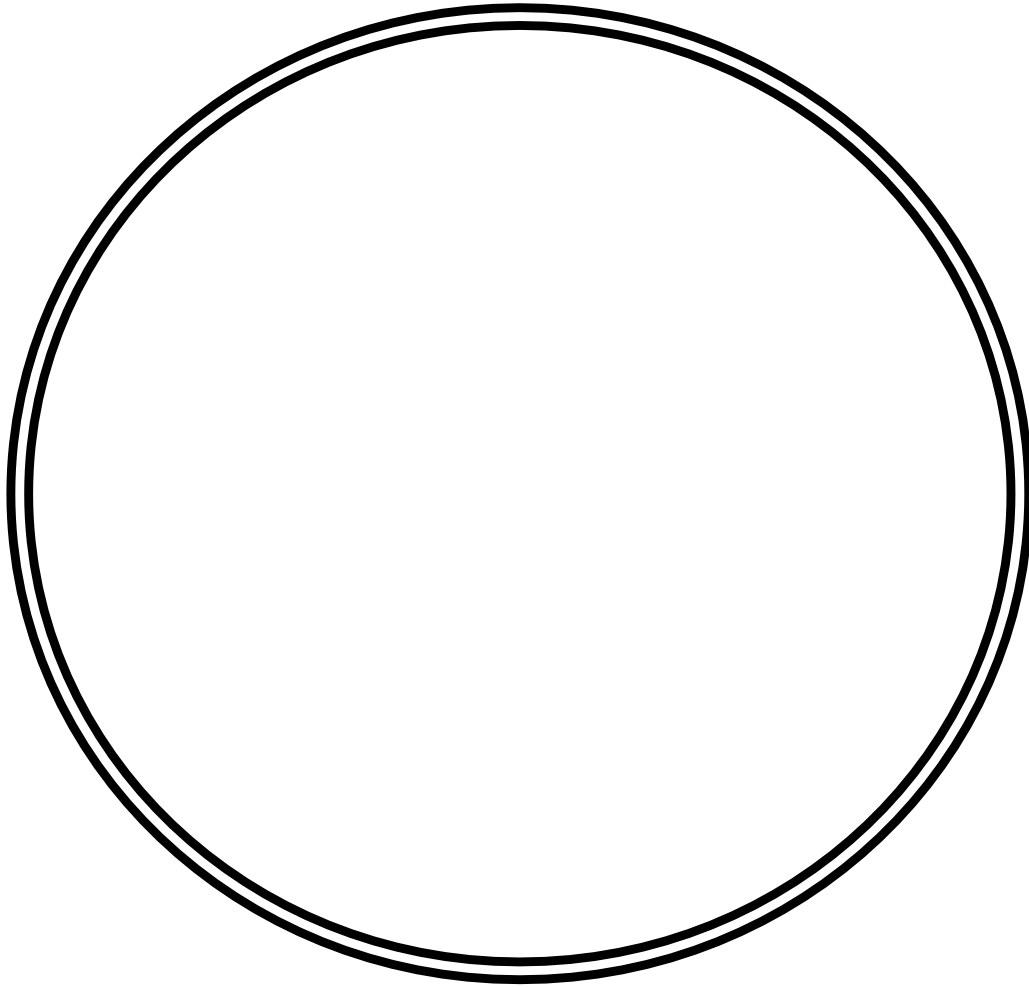

They have a very long narrow tongue (sometimes up to 25cm in length) to extract honey from nests. They are so fond of this sweet treat that they are sometimes known as '**Honey Bears**', and we know honey is a tasty porridge topping...

Can you design a porridge bowl for our bear using the **templates** on the next page? Take a look at some of the **patterns** from objects in our **World Collection Gallery** to use as design inspiration!

World Book Day: Goldilocks & the Three Bears

What is your favourite breakfast?

Here are some interesting toppings you could add to your porridge:

- Fruit – blueberries, bananas, strawberries, apples
- Nuts – peanut butter, almonds, coconut slices
- Sweet treats – honey, chocolate chips
